RRP AUS \$2,199.00

Product Details

FEATURES

SteamBake

Pyroluxe Cleaning
Self-cleaning pyrolytic function turns food residue and grease into ash for easy cleaning.

Telescopic runners
Telescopic runners provide safe, easy access.

Intuitive LCD display

45 automatic programs

Multi-level cooking

BENEFITS

Add steam for crispier baking

The SteamBake button in this oven adds steam at the beginning of the baking process. The steam cooking keeps the dough moist on the surface to create crisp crusts, while the centre stays soft and fluffy.

CLEAN YOUR OVEN WITH EASE

The self-cleaning pyrolytic function takes all the effort out of keeping your oven clean. The oven is heated to a temperature that makes the grease and food residue turn to ash, which can then simply be wiped away with a damp cloth.

ACCESS ALL AREAS

Telescopic runners provide better access to dishes, making it easier to baste during cooking or check on progress. The runners also make it easier and safer when removing hot trays or heavy dishes.

Set up & stay ahead

Program the settings on your oven with ease and keep up with the progress of your meal with clarity, using the LCD display. The two-coloured display shows you time, temperature and the progress of what you are cooking, as well as access to other functions and settings to make the most out of your oven.

FULL OVEN, FULLY COOKED

This oven provides multiple heating rings, covering all levels with the necessary heat. Ensure all your dishes get an even cooking time, even when you have three fully loaded trays.

EXTRA-SAFE QUAD GLAZING

A quadruple glazed door offers top-tier insulation to keep the exterior cooler to the touch and enhance energy efficiency. An additional glass layer helps retain heat better, ideal for frequent or intensive cooking.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type of Oven	single pyrolytic oven
Oven fuel	electric
Materials/Colour	black
Controls of Oven	retractable control knobs
Cooling fan	Yes

MAIN OVEN
