VARIABLE BAR PRESSURE

This coffee machine uses a 15-bar pump pressure, which concentrates beans at an optimal level to give your brews a rich taste and a perfect crema. Prepare 14 different types of coffee from the comfort of your own home.

4-INCH COLOUR DISPLAY WITH INTUITIVE MENU

The TFT colour touch user interface offers over 50 drink combinations and a variety of customisable settings - including temperature, length, intensity and grind. With the ability to create up to 10 user profiles, your favourite coffee is available at the touch of a button.

THERMAL MILK FLASK

The new stainless steel thermal flask allows you to create the perfect velvety foam. Achieve professional standard results with the easy-to-use dial that sets the ideal consistency of milk foam for a real Italian cafe experience.

WARMING RACK

Pre-warm your cups and keep your delicious coffee hot for longer in the Classic coffee machine. The cup warmer has ample storage space to hold four coffee cups in each of its 2 drawers conveniently located on the side of the machine.

INCREASED BEAN AND WATER CAPACITY

With an increased capacity for both coffee beans and water, the Classic coffee machine produces more delicious coffee than ever before. The aroma of real espresso, the taste of a creamy cappuccino, or a delicious latte, all prepared in the convenience of your own kitchen.
