BOILING

CHILLED

SPARKLING

HOT & AMBIENT

FILTERED

UNFILTERED

Order Code H5X783Z03AU

Zip HydroTap Design Range CELSIUS PLUS All-In-One Pull-Out Boiling, Chilled & Sparkling Filtered water, plus Hot and Cold washing up water from a single tap (hot and cold water supply required) including the artfully incorporated pull-out sprayer for convenience. The intuitive touch-pad with antimicrobial protection operates the filtered drinking water, while the lever dispenses unfiltered hot and cold water. Enhanced sparkling water delivery every time with an optimised aerator hidden inside the elegant spout of the tap. The system features a single under bench command centre including full colour interactive touch screen display with pin code protection and customisable settings including boiling water safety mode, 3 energy saving modes including ON/OFF timers and 2 hour sleep mode, 'Quiet' mode with automated intelligent fan speed adjustment, antimicrobial protection impregnated into key water paths for enhanced hygiene, 100% water efficient air cooled technology, 0.2 micron water filtration, and 2 disposable CO2 cylinders.

Warranty	5 years (appliance warranty 36 months plus additional 24 months tank warranty)

Installation Requirements

1. Installation and connection of your Zip HydroTap must be carried out by a qualified person, observing national and local regulations.
2. You will require suitable mains electrical and drinking water connections, plus waste water drainage all within 1.5 metres of the product.
3. Discrete cabinetry cut outs are required for airflow. 40mm minimum clearance on cupboard base overhang required otherwise alternative installation options are available.
4. Installation on most bench tops is straightforward however some stone bench tops may require a specialised cutting service.
5. If you live in a hard water area, we recommend installation of a Zip scale filtration kit.
6. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.com/book-service-visit

Installation Detail

Ventilation requirements Contact your local service provider if ventilation is not suitable

Option 1. Cupboard with 40mm min overhang

Option 2. Cupboard with less than 40mm overhang

Tap Positioning

Position the Tap to dispense into the sink.

Allow clearance for spout rotation.

Hose Management System

For ease of installation, the wall area directly under the tap and to either the right or left side, as shown, should be clear of obstructions. Locate water and electricity outlets elsewhere.

Rotate the Hose Management System to align the pull-out hose within the allowable offset. Refer to the instructions supplied.
